

Redistricting: Guiding Principles

Approved by BOE, November 17, 2015

1. Established neighborhoods should be maintained
 - a. Natural and manmade boundaries (rivers, highways) shall be reviewed when determining attendance lines
2. Consider the impact on Busing and Walkers
 - a. Students currently allowed to walk to school should be able to maintain that status
 - b. Long bus rides are to be avoided
3. Safety issues shall be considered
 - a. Traffic patterns
 - b. Walking patterns
4. Phase out all temporary solutions (portables)
5. Headroom capacities - 90% shall be targeted
 - a. Consider deficiencies of existing facilities
6. Maintain District Guidelines for class size
7. Siblings should attend same schools
 - a. Avoid crossing feeder plans
 - b. Grandfather 5th graders
8. Create the least amount of disruption

Accepted as the Final Report from the Adhoc Redistricting Committee.
