Dear Commissioner McQuillan:

Attached please find Fairfield's Plan to Address Racial Imbalance. This plan was approved by the Fairfield Board of Education during a public meeting on August 14, 2007 in accordance with applicable law.

We believe this plan will address the racial imbalance that we are currently experiencing at the elementary school level. Developed attentively over a four-month timeframe, the plan has been discussed during several public meetings and is posted on our website.

Please do not hesitate to contact Dr. Ann Clark, Superintendent of Schools, if you have any questions about this plan.

Respectfully submitted,

David F. Weber
