APCS Summer Homework

Instructor

Mr. Paul Zhitomi

PZhitomi@fairfieldschools.org

I keep it simple... that is theme

Step 1:

Install Java SDK and Eclipse, the client we'll be using in our AP Computer Science course.

A YouTube video will guide you through the steps: <https://youtu.be/WizzHeWukUU>

(How to Install Eclipse Oxygen on Windows 10 - [ProgrammingKnowledge](#))

Step 2:

Code and run a Hello World program to ensure that Java is working correctly.

The hello world code is due the first day of class...

Step3:

Enjoy your *summer...* it goes fast...
