

## Grade 5 General Music

Music integrates cognitive learning and creativity to contribute to the holistic development of every child. This program is designed to include an active music making approach to address the Four Artistic Processes of the National Core Arts Standards; creating, performing, responding and connecting. Students will study rhythm, melody and harmony, form and style, and vocal, instrumental and ensemble skill development to receive a comprehensive musical learning experience. Curwen hand signs are used for solfege and Gordon rhythm syllables are used for reading rhythm. The study of music sets a foundation for lifelong participation in and appreciation of music, and reinforces skills needed for many of life's responsibilities. All students in fourth grade receive two forty minute classes of music instruction per six day rotation.
