**4th GRADE ORCHESTRA**

Description: Orchestra is offered to all 4th grade students. Instruction will focus on: instrumental techniques for violin, viola, cello and bass; ensemble rehearsal skills, performance techniques, and music reading. Students will meet three times per week with the orchestra instructor: twice during the school day for 30 minute homogeneous small group lessons and once before school for a 45 minute orchestra rehearsal. Recommended lesson group size is comprised of no more than six students. Participation in all scheduled lessons, rehearsals and performances is expected.

### Course Overview

All students in the Fairfield Orchestra Program progress through an Ensemble Sequence and instrument specific Skill Levels.

#### Course Goals

Students will have the ability to understand and engage with music in a number of different ways, including the creative, responsive and performative artistic processes. They will have the ability to perform music in a manner that illustrates careful preparation and reflects an understanding and interpretation of the selection. They will be musically literate.

Students will be artistically literate: they will have the knowledge and understanding required to participate authentically in the arts. They will have the ability to transfer arts knowledge, skills, experiences and capacities and make connections to other subjects and settings to promote and enhance lifelong learning.

#### Artistic Processes

- Perform
- Respond

#### Anchor Standards

- Select, analyze, and interpret artistic work for presentation.
- Develop and refine artistic techniques and work for presentation.
- Convey meaning through the presentation of artistic work.
- Perceive and analyze artistic work.
- Interpret intent and meaning in artistic work.
- Apply criteria to evaluate artistic work.
- Synthesize and relate knowledge and personal experiences to make art.

#### Ensemble Goals:

- Develop and refine artistic techniques and work for presentation.
- Convey meaning through the presentation of artistic work.
- Perceive and analyze artistic work.
- Interpret intent and meaning in artistic work.
- Apply criteria to evaluate artistic work.
- Synthesize and relate knowledge and personal experiences to make art.

**Small Group Lesson Goals:**
I. Progress through Skill Level I in the Fairfield Public School orchestra program. Students will complete Skill Level I by the end of their 4th grade year.

II. Develop instrument specific techniques in lessons and apply them to large ensemble rehearsals and performances.
### Summary Ensemble Skill Objectives

All students regardless of instrument will:

1. Enumerate and perform whole, half, quarter, dotted half, and paired eighth note rhythms and their corresponding rests.
2. Play and read 2/4, ¾ and 4/4 time signatures.
3. Perform dynamic levels of p, mp, mf, f, crescendo, and decrescendo.
4. Identify symbols: treble clef, bass clef, alto clef, bar line, measure, repeat sign, double bar line, key signature, bow lift, up bow, down bow.
5. Play with appropriate articulation techniques including: tie, slur, plucking and bowing.
6. Demonstrate bow lifts and left hand pizzicato.
7. Perform a one octave D major scale.
8. Perform a one octave G major scale.

### Summary Small Group Lesson Skill Objectives

#### Executive Skills

Students will:
- Exhibit proper posture and playing position
- Demonstrate proper right hand position
- Demonstrate proper left hand position
- Identify parts of the instrument

#### Tone Quality

Students will:
- Draw a straight bow
- Demonstrate proper contact point between bridge and fingerboard
- Demonstrate even bow speed
- Produce a characteristic sound on the instrument

#### Bowing

Students will demonstrate the following bow strokes and articulations.
- Detache (legato)

### Assessments

#### Ensemble Assessments
- Written String Test for Grade 4 – Twinkle Variation
- 4th Grade Concert
- Spring Concert and checklist

#### Small Group Lesson Assessments
- Elementary School Orchestra Playing Test, Grade 4 – Go Tell Aunt Rhody/Lightly Row
- Scale Assessment – Grade 4
- Written Note Reading Test – Grade 4
- Fundamental Executive Checklist by instrument.
- Tone Quality Checklist
- Staccato
- Right hand pizzicato
- Two-note slur, three-note slurs and ties
- Imitates bowing patterns

**Finger Patterns**
- Students will demonstrate proper fingering patterns and positions specific to each instrument. (Refer to Skill level 1 Scale and finger pattern charts for differences.)
**PERFORMING**
Realizing artistic ideas and work through interpretation and presentation.

FUNDAMENTAL EXECUTIVE CHECKLIST FOR ELEMENTARY NOVICE

Violin and Viola

I. HOLDING THE INSTRUMENT
   _____A. Hold the instrument securely on the left shoulder between the jaw and collar bone at 45% angle
   _____B. Use a properly fitted chin rest, a shoulder pad is a must to insure the proper hold of the instrument.
   _____C. Left elbow should be under the center of the instrument and the instrument should be parallel to the floor.

II. LEFT HAND POSITION
   _____A. The thumb and first finger should form a “C” around the neck of the instrument about an inch from the nut. Avoid squeezing the neck of the instrument.
   _____B. Be sure the valley between the first finger and thumb does not touch the instrument.
   _____C. The thumb should be opposite the first finger and should extend slightly above the top of the finger board.
   _____D. Arch left hand fingers and drop vertically on the strings with the fleshy part of finger-tips covering strings. Avoid FLAT fingers.
   _____E. Fingernails should angle slightly toward the bridge.
   _____F. Fingernails should be cut short enough so that they will not touch the strings.
   _____G. The back of the hand and wrist should be in a straight line with the elbow. Avoid collapsed wrist.

III. HOLDING THE BOW
   _____A. The inside tip of the right hand thumb should touch the bow stick at the corner of the frog. The thumb should remain curved while playing.
   _____B. The second finger should wrap around the bow stick opposite the thumb.
   _____C. The first finger should rest on the bow stick, slightly curved, on the bow grip.
   _____D. The third finger rests alongside the second finger with the fingertip pointing toward the pearl inset on the frog.
   _____E. The fourth finger should be slightly curved and rest on top of the bow stick.
   _____F. No tension or stiffness should be involved in holding the bow.
   _____G. Keep fingers off of the bow hair at all times.

IV. CARE OF THE INSTRUMENT
   _____A. Be sure you have a sturdy case with safe, efficient latches.
   _____B. Be sure latches are closed BEFORE picking up the case.
   _____C. Be careful NOT to drop the instrument or cause excessive jarring.
   _____D. Do not place books, food, or other articles in the case with the instrument.
   _____E. Handle the instrument by the neck; this will help to keep fingerprints off the body.
   _____F. Do not put broken rosin in the case. If the rosin breaks, throw it out.
FUNDAMENTAL EXECUTIVE CHECKLIST FOR ELEMENTARY NOVICE

Cello

I. HOLDING THE CELLO
   _____A. Select a chair with a straight level seat that will permit the student to lean forward slightly. Avoid chairs that slope backwards, i.e. folding chairs.
   _____B. Grasp the cello between the knees at the top of the lower bout and slide the end pin down until it touches the floor. This should be correct height for the instrument.
   _____C. The end pin should rest on the floor in a line with the center of the body.
   _____D. The instruments should be tilted slightly to the right.
   _____E. The scroll should not rest on the shoulder. It should clear the shoulder.
   _____F. Be careful that the cello is only an inch of two from the left side of the player's neck.
   _____G. Both feet should be FLAT on the floor.
   _____H. Students should have an end pin rest (rock stop) to keep the cello secure.

II. LEFT HAND POSITION
    _____A. Thumb should be placed opposite the second finger. The tip of the thumb should rest lightly about midway on the neck of the cello.
    _____B. Avoid thumb "cave in."
    _____C. Avoid left elbow sag.
    _____D. Think a squared hand position with fingers perpendicular to the strings. Avoid pointing the fingers toward the bridge.
    _____E. Arch left hand fingers and drop vertically on the string with fleshy part of finger tops covering the strings.
    _____F. Avoid FLAT fingers.
    _____G. Second finger should drop with third. Avoid leaving the second finger in the air while the third and first are down. Similarly, fingers 1, 2, and 3 should help support the fourth finger.
    _____H. Finger should be spaced a half step apart.

III. HOLDING THE BOW
     _____A. Form a circle with the thumb and second finger.
     _____B. Place the right side of the thumb on the stick against the corner of the frog, and curve the thumb slightly.
     _____C. The middle, or second finger should be opposite the thumb with the stick resting against the middle point.
     _____D. Curve the first finger slightly around the bow grip.
     _____E. Place the fourth finger approximately at the middle of the frog with the first joint curved over the stick.
     _____F. The third finger falls naturally in place beside the fourth finger.
     _____G. All fingers on the bow are rounded and slightly separated.
     _____H. No tension or stiffness should be present.
     _____I. Keep fingers off the bow hair at all times.

IV. CARE OF THE CELLO
    _____A. Carry the cello by your side in an upright position, with the bridge toward the body.
    _____B. Take care not to bump the instrument when going through doorways.
C. When transporting a cello in a car, put it in a secure place where it will not fall over or bounce around.

D. Find a safe place in your home to put your cello when not in use.

E. Do not expose the cello to extreme temperatures.

F. Wipe rosin dust from the string, instrument, and the bow stick before returning the cello to its case.

G. Check the bridge regularly to be sure it is perpendicular to the top of the cello.

H. Take the bow from the case first.
FUNDAMENTAL EXECUTIVE CHECKLIST FOR ELEMENTARY NOVICE

Bass

I. HOLDING THE BASS
   A. Adjust the end pin to proper height. The nut should be close to level with the forehead. The bridge should be close to level with the hand knuckles.
   B. Lean the bass against your hip, on an angle.
   C. The end pin should rest on the floor in a line with the center of the body.
   D. Left foot should be behind the bass.
   E. Students should have an end pin rest (rock stop) to keep the bass secure.

II. LEFT HAND POSITION
   A. Thumb should be placed opposite the second finger. The tip of the thumb should rest lightly about midway on the neck of the bass.
   B. Avoid a straight thumb.
   C. Avoid left elbow sagging, or touching the bout.
   D. Think a squared hand position with fingers perpendicular to the strings. Avoid pointing the fingers toward the bridge.
   E. Arch left hand fingers and drop vertically on the string with fleshy part of finger tops covering the strings.
   F. Avoid FLAT fingers.
   G. Second finger should drop with third. Avoid leaving the second finger in the air while the third and first are down. Similarly, fingers 1, 2, and 3 should help support the fourth finger.

III. HOLDING THE BOW
   Bass
   A. Form a circle with the thumb and second finger.
   B. Place the right side of the thumb on the stick against the corner of the frog, and curve the thumb slightly.
   C. The middle, or second finger should be opposite the thumb with the stick resting against the middle point.
   D. Curve the first finger slightly around the bow grip.
   E. Place the fourth finger approximately at the middle of the frog with the first joint curved over the stick.
   F. The third finger falls naturally in place beside the fourth finger.
   G. All fingers on the bow are rounded and slightly separated.
   H. No tension or stiffness should be present.
   I. Keep fingers off the bow hair at all times.

IV. CARE OF THE BASS
   A. Carry the bass with two hands in an upright position. Ideally, an adult should help with transporting the bass.
   B. Take care not to bump the instrument when going through doorways.
   C. When transporting a bass in a car, put it in a secure place where it will not fall over or bounce around. Avoid taking your bass on a bus.
   D. Find a safe place in your home to put your bass when not in use.
   E. Do not expose the bass to extreme temperatures.
   F. Wipe rosin dust from the strings, instrument, and the bow stick before returning the bass to its case.
   G. Check the bridge regularly to be sure it is perpendicular to the top of the bass.
   H. When unpacking, take the bow out of the bag first. When packing, put the bow in last.

TONE QUALITY CHECKLIST FOR ELEMENTARY NOVICE

Tone Quality Checklist for Violin and Viola

Good Tone Production

A. Tighten the bow hair enough to play without touching the string with the wood of the bow stick, yet still retain the curve of the bow. About the width of a pencil.

B. ALWAYS LOOSEN THE BOW HAIR AFTER PLAYING.

C. Rosin the bow hair well.

D. Keep the bow on the string parallel to the bridge at all times.

E. The strings support the bow and the bow hand only guides the bow.

F. Feel the string, then pull the tone from the string with a gentle motion.

G. There should be proper balance between bow speed and pressure.

H. Beginning students usually start the tone at midpoint of the bow. Soon, however, they begin to start the tone at the frog and use the full bow, checking to be sure the bow is kept parallel to the bridge.
