5th GRADE ORCHESTRA

Description: Orchestra is offered to all 5th grade students. Instruction will focus on: instrumental techniques for violin, viola, cello, bass; ensemble rehearsal skills, performance techniques, and music reading. Students will meet two times per week with the orchestra instructor: once during the school day for a 30 minute homogeneous small group lesson and once before school for a 45 minute orchestra rehearsal. Recommended lesson group size is comprised of no more than six students. Participation in all scheduled lessons, rehearsals and performances is expected.

Course Overview

All students in the Fairfield Orchestra Program progress through an Ensemble Sequence and individual Instrument Skill Levels.

Fairfield’s Orchestra Program Ensemble Sequence

Course Goals

Students will have the ability to understand and engage with music in a number of different ways, including the creative, responsive and performative artistic processes. They will have the ability to perform music in a manner that illustrates careful preparation and reflects an understanding and interpretation of the selection. They will be musically literate.

Students will be artistically literate: they will have the knowledge and understanding required to participate authentically in the arts. They will have the ability to transfer arts knowledge, skills, experiences and capacities and make connections to other subjects and settings to promote and enhance lifelong learning.

Artistic Processes

- Perform
- Respond

Anchor Standards

- Select, analyze, and interpret artistic work for presentation.
- Develop and refine artistic techniques and work for presentation.
- Convey meaning through the presentation of artistic work.
- Perceive and analyze artistic work.
- Interpret intent and meaning in artistic work.
- Apply criteria to evaluate artistic work.
- Synthesize and relate knowledge and personal experiences to make art.

Ensemble Goals:
I. Learn and demonstrate ensemble performing techniques which will include responding to conductor’s cues, ensemble balance and blend, and performance etiquette.

II. Apply the principles of teamwork and cooperation to achieve a common goal in the ensemble setting.

III. Successfully participate in authentic concert experiences through public performance in the most professional setting available.

IV. Adhere to proper performance etiquette, concert dress, response to audience, and behavior when not engaged in active performance.

**Small Group Lesson Goals:**

I. Progress through Skill Level II in the Fairfield Public School orchestra program. Students will complete Skill Level II by the end of their 5th grade year.

II. Develop instrument specific techniques in lessons and apply them to large ensemble rehearsals and performances.

III. Learn proper care, safety and maintenance of their instrument.
### Summary Ensemble Skill Objectives
All students regardless of instrument will:
1. Enumerate and perform whole, half, quarter, dotted half, paired eighth notes, dotted quarter, dotted eighth and four sixteenth note rhythms and their corresponding rests.
3. Perform dynamic levels of p, mp, mf, f, crescendo, and decrescendo.
4. Demonstrate the ability to read music for the full range of their instrument in first position (bass includes second and third position).
5. Identify symbols: treble clef, bass clef, alto clef, bar line, measure, repeat sign, double bar line, key signature, bow lift, up bow, down bow.
6. Play with appropriate articulation techniques including: tie, slur, staccato, plucking and bowing, hooked bow and double stops.
7. Demonstrate bow lifts and left hand pizzicato.
8. Perform a one octave D major scale.
9. Perform a one octave G major scale.
10. Perform a one octave C major scale.

### Summary Small Group Lesson Skill Objectives

#### Executive Skills
Students will:
- Exhibits proper posture and playing position
- Demonstrates proper right hand position
- Demonstrates proper left hand position
- Identifies parts of the instrument

#### Tone Quality
Students will:
- draw a straight bow
- demonstrate and define good tone quality
- demonstrate proper contact point between bridge and fingerboard
- demonstrate even bow speed
- adjust bow speed

#### Bowing
Students will demonstrate the following bow strokes and articulations:
- Detaché and Staccato
- Two, three, and four note slurs
- Hooked bowing
- Double stops

### Assessments

#### Ensemble Assessments
- Written String Test for Grade 5 - Twinkle Variation
- Winter Concert and checklist
- Spring Concert and checklist

#### Small Group Lesson Assessments
- Elementary School Orchestra Playing Test, Grade 5 – Rondino, in *Melody Book for Strings*
- Scale Assessment –Grade 5
- Written Note Reading Test – Grade 5
- Fundamental Executive Checklist by instrument.
- Tone Quality Checklist

<td></td>
</tr>
</tbody>
</table>

- Playing in the upper half, lower half, middle of the bow and adjust bow speed
- Right hand pizzicato
- Left hand pizzicato
- Imitating bowing patterns

**Finger Patterns**
- Students will demonstrate proper finger patterns and positions are specific for each instrument. Refer to Skill level II Scale and finger pattern charts for differences.
**PERFORMING**  
*Realizing artistic ideas and work through interpretation and presentation.*

**Enduring Understanding**
- To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
- Musicians judge performance based on criteria that vary across time, place and cultures.

**Essential Questions**
- How do musicians improve the quality of their performance?
- When is a performance judged ready to present?

**Process Components: Analyze, Interpret, Rehearse, Evaluate, Refine, Present**

<table>

| Students will perform grade level appropriate string arrangements that include Fairfield’s Skill Level II objectives. | Students will:  
- Perform D, G and C major scales as a group  
- Rehearse as a full ensemble perform repertoire representing a variety of genres such as Folk Songs, Baroque, Romantic, Classical, Programmatic, March, and Novelty demonstrating appropriate dynamics while interpreting the conductor’s non-verbal directions.  
- Analyze and interpret pitches, rhythms, note values, dynamics and articulations  
- Evaluate & Refine ensemble balance, blend, intonation and articulation.  
- Apply the principles of teamwork and cooperation to achieve a common goal in the ensemble setting.  
- Apply skills and techniques learned in small group lessons to large ensemble rehearsals and performances. |  
- Winter and Spring Concert performance and checklist  
- Fundamental Executive Checklist by instrument.  
- Tone Quality Checklist Grade 5  
- Elementary School Orchestra Playing Test, Grade 5 – Rondino, in *Melody Book for Strings* |

**Small Group Lesson**
*Students will utilize grade level appropriate method books that include Fairfield’s Skill Level II objectives.*
| **Small Group Lesson**  
| **Students will:**  
| • analyze, rehearse, evaluate, refine and perform a varied repertoire of solo literature while applying individual instrumental skill and techniques developed in skill level I  
| • learn and demonstrate proper care and maintenance of their instrument. |
### RESPONDING
*Understanding and evaluating how the arts convey meaning*

### Enduring Understanding
- The personal evaluation of musical works and performances is informed by analysis, interpretation, and established criteria based on the elements of music. (PROGRESSIVE BY GRADE LEVEL)

### Essential Question
- How do we judge the quality of musical work(s) and performances?

### Process Components: Analyze, Evaluate

5<sup>th</sup> Grade Strings

BOE Approved 5/22/2018
A. Executive Skills

- Exhibits proper posture and playing position
- Exhibits proper rehearsal and performance procedures in ensemble playing
- Understands effective practice habits
- Demonstrates proper care and safety of instrument
- Demonstrates proper right hand position
- Demonstrates proper left hand position
- Identifies parts of the instrument

B. Tone Quality

Students should:

1. Draw a straight bow
2. Demonstrate and define good tone quality
3. Demonstrate proper contact point between bridge and fingerboard
4. Demonstrate even bow speed
5. Produce a sound that is characteristic of the instrument
6. Use appropriate articulation techniques
7. Play dynamic ranges of piano and forte
8. Adjust bow speed

C. Bowing

Students should demonstrate the following bow strokes and articulations:

1. Detaché and Staccato
2. Two, three, and four note slurs
3. Hooked bowing
4. Double stops with open strings
6. Playing in the upper half, lower half, middle of the bow and adjust bow speed
7. Bow lifts
8. Right hand pizzicato
9. Left hand pizzicato
10. Imitate bowing patterns

D. Rhythms and Note Reading

Students should:

1. Demonstrate eighth, quarter, half, dotted-half, whole, notes and corresponding rests, in addition to dotted quarter, dotted eighth, four sixteenths, and corresponding rests.
2. Demonstrate the ability to recognize and perform various rhythmic patterns.
3. Demonstrate the ability to read music for the full range of their instrument in first position (Bass includes second and third position).
4. Read music in the following Time Signatures: 2/4, 3/4, 4/4, 6/8
5. Identify and perform symbols and terms: Half note, Clef, Time signature, Bar line, Repeat sign, Up bow, Down bow, Whole note, staff, Quarter note, Eighth notes, Key signature, Quarter rest, Half rest, Whole rest, Dotted half note, Bow lift, Measure, Tie, Slur, Plucking, Bowing, Staccato, Hooked bow, Sixteenth notes, Dotted eighth note, Piano, Forte, Crescendo, Double stops

G. Performance

Students should:

1. Perform various solos throughout the year
2. Perform in the Winter and Spring concerts
3. Improvise simple melodies on their instrument
4. Compose simple melodies in D or G major for their instrument

FUNDAMENTAL EXECUTIVE CHECKLIST FOR ELEMENTARY NOVICE

Violin and Viola

I. HOLDING THE INSTRUMENT
   _____A. Hold the instrument securely on the left shoulder between the jaw and collar bone at 45% angle
   _____B. Use a properly fitted chin rest, a shoulder pad is a must to insure the proper hold of the instrument.
   _____C. Left elbow should be under the center of the instrument and the instrument should be parallel to the floor.

II. LEFT HAND POSITION
   _____A. The thumb and first finger should form a “C” around the neck of the instrument about an inch from the nut. Avoid squeezing the neck of the instrument.
   _____B. Be sure the valley between the first finger and thumb does not touch the instrument.
   _____C. The thumb should be opposite the first finger and should extend slightly above the top of the finger board.
   _____D. Arch left hand fingers and drop vertically on the strings with the fleshy part of finger-tips covering strings. Avoid FLAT fingers.
   _____E. Fingernails should angle slightly toward the bridge.
   _____F. Fingernails should be cut short enough so that they will not touch the strings.
   _____G. The back of the hand and wrist should be in a straight line with the elbow. Avoid collapsed wrist.

III. HOLDING THE BOW
   _____A. The inside tip of the right hand thumb should touch the bow stick at the corner of the frog. The thumb should remain curved while playing.
   _____B. The second finger should wrap around the bow stick opposite the thumb.
   _____C. The first finger should rest on the bow stick, slightly curved, on the bow grip.
   _____D. The third finger rests alongside the second finger with the fingertip pointing toward the pearl inset on the frog.
   _____E. The fourth finger should be slightly curved and rest on top of the bow stick.
   _____F. No tension or stiffness should be involved in holding the bow.
   _____G. Keep fingers off of the bow hair at all times.

IV. CARE OF THE INSTRUMENT
   _____A. Be sure you have a sturdy case with safe, efficient latches.
   _____B. Be sure latches are closed BEFORE picking up the case.
   _____C. Be careful NOT to drop the instrument or cause excessive jarring.
   _____D. Do not place books, food, or other articles in the case with the instrument.
   _____E. Handle the instrument by the neck; this will help to keep fingerprints off the body.
   _____F. Do not put broken rosin in the case. If the rosin breaks, throw it out.
Cello

I. HOLDING THE CELLO
   _____A. Select a chair with a straight level seat that will permit the student to lean forward slightly.
Avoid chairs that slope backwards, i.e. folding chairs.
   _____B. Grasp the cello between the knees at the top of the lower bout and slide the end pin down until
it touches the floor. This should be correct height for the instrument.
   _____C. The end pin should rest on the floor in a line with the center of the body.
   _____D. the instruments should be tilted slightly to the right.
   _____E. The scroll should not rest on the shoulder. It should clear the shoulder.
   _____F. Be careful that the cello is only an inch of two from the left side of the player’s neck.
   _____G. Both feet should be FLAT on the floor.
   _____H. Students should have an end pin rest (rock stop) to keep the cello secure.

II. LEFT HAND POSITION
   _____A. Thumb should be placed opposite the second finger. The tip of the thumb should rest lightly
about midway on the neck of the cello.
   _____B. Avoid thumb “cave in.”
   _____C. Avoid left elbow sag.
   _____D. Think a squared hand position with fingers perpendicular to the strings. Avoid pointing the
fingers toward the bridge.
   _____E. Arch left hand fingers and drop vertically on the string with fleshy part of finger tops covering
the strings.
   _____F. Avoid FLAT fingers.
   _____G. Second finger should drop with third. Avoid leaving the second finger in the air while the third
and first are down. Similarly, fingers 1, 2, and 3 should help support the fourth finger.
   _____H. Finger should be spaced a half step apart.

III. HOLDING THE BOW
   _____A. Form a circle with the thumb and second finger.
   _____B. Place the right side of the thumb on the stick against the corner of the frog, and curve the
thumb slightly.
   _____C. The middle, or second finger should be opposite the thumb with the stick resting against the
middle point.
   _____D. Curve the first finger slightly around the bow grip.
   _____E. Place the fourth finger approximately at the middle of the frog with the first joint curved over
the stick.
   _____F. The third finger falls naturally in place beside the fourth finger.
   _____G. All fingers on the bow are rounded and slightly separated.
   _____H. No tension or stiffness should be present.
   _____I. Keep fingers off the bow hair at all times.

IV. CARE OF THE CELLO
   _____A. Carry the cello by your side in an upright position, with the bridge toward the body.
   _____B. Take care not to bump the instrument when going through doorways.
   _____C. When transporting a cello in a car, put it in a secure place where it will not fall over or bounce
around.
   _____D. Find a safe place in your home to put your cello when not in use.
   _____E. Do not expose the cello to extreme temperatures.
   _____F. Wipe rosin dust from the string, instrument, and the bow stick before returning the cello to its
case.
   _____G. Check the bridge regularly to be sure it is perpendicular to the top of the cello.
   _____H. Take the bow from the case first.
FUNDAMENTAL EXECUTIVE CHECKLIST FOR ELEMENTARY NOVICE

Bass

I. HOLDING THE BASS
   _____A. Adjust the end pin to proper height. The nut should be close to level with the
   forehead. The bridge should be close to level with the hand knuckles.
   _____B. Lean the bass against your hip, on an angle.
   _____C. The end pin should rest on the floor in a line with the center of the body.
   _____D. Left foot should be behind the bass.
   _____E. Students should have an end pin rest (rock stop) to keep the bass secure.

II. LEFT HAND POSITION
   _____A. Thumb should be placed opposite the second finger. The tip of the thumb should rest
   lightly about midway on the neck of the bass.
   _____B. Avoid a straight thumb.
   _____C. Avoid left elbow sagging, or touching the bout.
   _____D. Think a squared hand position with fingers perpendicular to the strings. Avoid
   pointing the fingers toward the bridge.
   _____E. Arch left hand fingers and drop vertically on the string with fleshy part of finger tops
   covering the strings.
   _____F. Avoid FLAT fingers.
   _____G. Second finger should drop with third. Avoid leaving the second finger in the air while
   the third and first are down. Similarly, fingers 1, 2, and 3 should help support the fourth finger.

III. HOLDING THE BOW
   Bass
   _____A. Form a circle with the thumb and second finger.
   _____B. Place the right side of the thumb on the stick against the corner of the frog, and curve
   the thumb slightly.
   _____C. The middle, or second finger should be opposite the thumb with the stick resting
   against the middle point.
   _____D. Curve the first finger slightly around the bow grip.
   _____E. Place the fourth finger approximately at the middle of the frog with the first joint
   curved over the stick.
   _____F. The third finger falls naturally in place beside the fourth finger.
   _____G. All fingers on the bow are rounded and slightly separated.
   _____H. No tension or stiffness should be present.
   _____I. Keep fingers off the bow hair at all times.

IV. CARE OF THE BASS
   _____A. Carry the bass with two hands in an upright position. Ideally, an adult should help
   with transporting the bass.
   _____B. Take care not to bump the instrument when going through doorways.
   _____C. When transporting a bass in a car, put it in a secure place where it will not fall over or
   bounce around. Avoid taking your bass on a bus.
   _____D. Find a safe place in your home to put your bass when not in use.
   _____E. Do not expose the bass to extreme temperatures.
   _____F. Wipe rosin dust from the strings, instrument, and the bow stick before returning the
   bass to its case.
   _____G. Check the bridge regularly to be sure it is perpendicular to the top of the bass.
   _____H. When unpacking, take the bow out of the bag first. When packing, put the bow in
   last.

Tone Quality Checklist for Violin and Viola

Good Tone Production

A. Tighten the bow hair enough to play without touching the string with the wood of the bow stick, yet still retain the curve of the bow. About the width of a pencil.

B. ALWAYS LOOSEN THE BOW HAIR AFTER PLAYING.

C. Rosin the bow hair well.

D. Keep the bow on the string parallel to the bridge at all times.

E. The strings support the bow and the bow hand only guides the bow.

F. Feel the string, then pull the tone from the string with a gentle motion.

G. There should be proper balance between bow speed and pressure.

H. Beginning students usually start the tone at midpoint of the bow. Soon, however, they begin to start the tone at the frog and use the full bow, checking to be sure the bow is kept parallel to the bridge.

Tone Quality Checklist for Cello

Good Tone Production

A. The bow moves in an arc around the bridge as it moves from string to string.

B. Tighten the bow hair enough to play without touching the wood to the bow hair, but still retain the curve of the bow.

C. Rosin the bow hair well.

D. Keep the bow parallel to the bridge at all times.

E. The strings support the bow and the bow hand only guides it.

F. Feel the string, then pull the tone from the string with a gentle motion.

G. There should be proper balance between the bow speed and pressure.

H. Beginning students usually start the tone with small bows at the lower half of the bow. Soon, however, they should increase the amount of bow. Keep the bow parallel to the bridge.

Tone Quality Checklist for Bass

Good Tone Production

A. The bow moves in an arc around the bridge as it moves from string to string.

B. Tighten the bow hair enough to play without touching the wood to the bow hair, but still retain the curve of the bow.

C. Rosin the bow hair well.

D. Keep the bow parallel to the bridge at all times.

E. The strings support the bow and the bow hand only guides it.

F. Feel the string, then pull the tone from the string with a gentle motion.

G. There should be proper balance between the bow speed and pressure.

H. Beginning students usually start the tone with small bows at the lower half of the bow. Soon, however, they should increase the amount of bow. Keep the bow parallel to the bridge.
