

Using your hands, construct something that is not messy, will fit in a shoebox, and does something useful.

Be prepared make a 2-3min presentation on your project including:

- A description of what it is.
- A description of what it does.
- Why you chose to make it.
- Tools and materials required to make it.
- The procedure used to make it.
- Unforeseen difficulties in making it.

To be turned in at some point during the **first week** of class.

Do **not** bring to school on the first day of class.
