### Grade 5 Reading Unit 5 - Book Clubs

In this unit, your child will focus on building comprehension through deep conversations with peers. Your child will prepare discussion questions, come up with big ideas about texts, and support opinions with text-based evidence.

#### The skills your child will develop in this unit are:

- Setting goals for book clubs
- Making inferences
- Supporting ideas with evidence
- Understanding character and theme
- Choosing thought-provoking questions
- Sustaining conversations
- Reading scenes closely to grow ideas and questions for book club conversations

#### Some questions to support your child at home:

- What is a thought-provoking question that you could bring to your book club?
- What is your evidence to support your opinion?

This unit will focus on conversing with peers about a shared text. Your child will learn to build upon conversations and agree/disagree respectfully. You can support your child by starting your own book clubs at home and enjoying thinking and talking about the book together.
