

Charting the LifeCourse

What is YOUR Vision for a Good Life?

And how can You & Your Family use the LifeCourse Framework Tools to get there?

The LifeCourse Framework is a person-centered process that was created BY FAMILIES to:

- ✚ Help Individuals & Families - **of ALL abilities & ALL ages** - develop a Vision for a Good Life
- ✚ Think about what they need to know and do - **identify how to find or develop supports** - and discover what it takes to live the lives they want to live

In this presentation you will learn how the LifeCourse Framework, with its visual planning guides, resources and tools, can support and empower you and your family in your journey for a Good Life.
