To: Dr. Toni Jones, Superintendent, Fairfield Schools

From: Webb Cook, Director of Sales, Sprinturf

Re: Fairfield Warde HS Turf Field

Dr. Jones:

Sprinturf, LLC, understands the need for the prompt completion of the Fairfield Warde High School turf field. We are working hard toward that goal.

It is anticipated that the concrete work necessary to complete the relocated runway and high jump pad in the "D" area will commence on Wednesday, August 29th.

The turf installation will begin the week of September 3rd with anticipated completion the week of September 17th, pending any weather delays. The turf can be utilized before the new scoreboards are installed in order to give you quicker access to the field.

Sprinturf has a long history of excellent work in Fairfield, CT, and we will uphold our reputation in providing a high quality project and product.

Sincerely,

Webb Cook
